

## Fencing Equipment & Vendors

Below is the minimum of protective gear required to participate in Fencing All Levels or Fencing Pedagogy. Wear comfortable athletic bottoms and shoes.

- Due to COVID precautions, I will no longer provide these items. You will need to obtain your own equipment.
- I will, however, continue to provide weapons since these can be cleaned with sanitizing wipes between uses. (If you are interested in obtaining your own weapon, let me know, and I can direct you to a reliable vendor.)
- If budget is a concern, let me know, and we can discuss solutions if possible.
- If you have questions or concerns about any of the items, please contact me.

Here is a list of some vendors.

- Victory Fencing - <https://victoryfencinggear.com/> (If you speak with Cole Harkness, the owner, let him know you are in my class. He is very helpful with sizing and understands what I require.)
- The Fencing Post - <https://thefencingpost.com/>
- Triplette - <https://www.triplette.com/>

3-weapon mask (standard, not electric)

Standard practice jacket.

These come in different materials and are right or left handed specific.

3-weapon glove.  
You only need one for your dominant hand.

Wrist strap

Sweatband for wrist.

Plastron.  
This is mandatory for women.  
Plastrons also come in a men's version. They are optional for men in the class.
